sent to West Hill school for the benefit of children in that district lacking advantages of those in village. Appropriation for 1926 has not been drawn. More space is needed for books. REPORT OF FIREWARDS

July 26, 1926, Troy Blanket Mills Block on Mill street, small loss.

Sept. 4, 1926, C. C. Carter's Block, Main street, small loss. There were fifty-three chimney fires.

A modern triple combination was purchased this year. All apparatus is in good condition and the general interest in the company is excellent. Both of the fires for which the general alarm was sounded were very threatening and the company did fine work in preventing serious damage.

We wish to caution the citizens to take better care of their chimneys as the number of chimney fires is becoming alarmingly high.

Respectively submitted,

WARREN C. BROWN,

GEORGE K. RIPLEY,

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Troy School Board:

I herewith submit to you my ninth annual report as Superintendent of Schools, this being the twenty-seventh under union supervision.

The entire teaching force of the Troy schools accepted their re-elections for the present school year, so the only new teachers at the opening of school in September were those selected for the new rooms opened in the primary building.

For the fourth grade, Miss Elizabeth Baker, a graduate of Keene Normal School, who had done excellent work as a cadet teacher in one of the rural schools of Jaffrey for nine weeks last year, was chosen. For the sixth grade Miss Marguerite A. Hawkins, a graduate of Troy High School, and of Keene Normal School, who had two years of successful experience in the schools of Temple, was elected.

Mrs. Burpee, who taught grades five and six yast year, was transferred to the new seventh grade, and Miss Woodbury, who had taught grades four and five, took charge of the sixth grade.

At the close of schools for the Christmas vacation Mrs. Bertha H. Howe, who has been a most successful teacher in grade three for several years, resigned, and her place was filled by the election of Miss Esther Boyle of Maynard, Mass., a graduate of Fitchburg Normal School.

The enrollment of the senior high school this year is 35 as compared with 39 last year, and grade eight is 33 as compared with 25 last year.

The rearrangement of rooms in the primary building reduces the number of pupils in charge of the upper grade teach-

ers to a point where much more effective work can be done than was possible under the former arrangement.

I believe every interested parent and citizen must appreciate the work done in securing the four room addition to the primary building during the past year.

At the school meeting in March the sum of \$25,000 was voted to construct and equip this addition. The work was done during the summer months so that at the opening of school in September we were able to use seven rooms for seven grades instead of five rooms for six grades. During the present year no room has had more than forty-one pupils, and only one as few as twenty-eight. The others have had an enrollment of from thirty-three to forty, which is about the right number for a teacher to have if a fair amount of individual attention is to be given to the pupils.

New desks were installed in the three rooms opened, a new heating plant installed in the building and adequate toilets for both boys and girls placed in the basement of the new part of the building.

During the Christmas vacation a teachers' room was finished off and equipped between the first and second grade rooms, leaving ample space for the pupils in the first grade. This was a much needed addition in a school of this size, and in addition to the teachers' room allows space for supplies to be stored on the first floor.

The enrollment of the West Hill school is fifteen this year. Last year it was sixteen. In this school six of the eight grades are represented and excellent work is being accomplished.

The work at the high school has been most effectively carried on this year as it was last year. One change in the eighth grade mathematics has been made, substituting a practical course in business arithmetic for the algebra formerly taught in this grade.

French is now begun in grade eight instead of grade seven

as it was found advisable to move the seventh grade into the primary building, leaving grades eight, nine and ten under the care of the three teachers at the high school building.

I know of no school of its size where all the teachers seem to be securing better results than in the primary building as now organized. Those interested in the work of our schools are cordially invited to visit the different rooms and see the work done there.

The State Aid allowance for the present year was a little under \$5,000, but with the increased number of teachers employed in the elementary schools we have been assured that the allowance for another year will probably reach the maximum of \$6,000. As high school tuitions have been constantly increasing ample allowance should be made for the larger number of pupils who will probably attend Keene high school another year.

I wish at this time to thank teachers, pupils, parents, members of the school board, and all citizens who have cordially cooperated in our efforts to secure the best work in our schools and to better the conditions under which our pupils and teachers may now do their work.

Very truly yours,

LEWIS S. RECORD,

Superintendent of Schools.

REPORT OF SCHOOL EXAMINATIONS

During the month of October, with the assistance of the district nurse, Mrs. Margaret McGinness, examinations were made with the following results:

The number of pupils examined, three hundred and thirty-one with six absent. Grade 1, thirty-eight; Grade II, thirty-two; Grade III, twenty-seven; Grade IV, thirty-nine; Grade V, thirty-nine; Grade VI, thirty-seven; Grade VII, thirty-seven; Grade VIII, thirty-two; West Hill, fifteen; High School, thirty-five.

Enlarged or defective tonsils, thirty-five; bad teeth twenty-one; defective vision, eleven; defective hearing, three; Not successfully vaccinated or unvaccinated, thirty-eight.

Under the direction of the state board of health and the county nurse the local visiting nurse, assisted by Dr. W. A. Morris, of Keene, and myself, the first annual child health conference for school children was held at the town hall in May. Such work is for the future welfare of the children and it is hoped that every mother will take advantage of this opportunity given by the state to have her children receive a thorough physical examination at least once a year. Many children were found with defects, which if left unnoticed develop in more and greater difficulties.

M. T. STONE,
School physician.
